

EVERGLADES GUIDED WAVE RUNNER EXCURSION

Having South West Florida's largest fleet of state-of-the-art waverunners allows us to offer our groups Guided Waverunner Eco-Tours through the Ten Thousand Islands, the only sub-tropical mangrove forest in the United States... a truly unique experience. Because we are located directly on the hotel beach there will be no need for you to leave the property! See wildlife like dolphin, manatee, roseate spoonbills, bald eagles and so much more, up close in their natural habitat. You will be led by an expert tour guide who will highlight interesting facets about the nature and geography of the region. Our brand new Yamaha four stroke waverunners are very stable, safe machines which make navigating the backwaters a literal breeze, so even a novice can enjoy the tour in comfort and style.

We offer our hotel groups private wave runner tours designed to fit around your meeting schedule. Due to increasing demand we now offer three tour lengths: 75 minutes at \$145++ or 90 minutes for \$175++ and our newest tour, 2 full hours out in the mangroves for \$230++.

The Ten Thousand Islands are located just south of Marco Island and span 35,000 acres across the lower end of Fakahatchee and Picayune Strands of Big Cypress Swamp. This refuge is part of one of the largest expanses of mangrove estuary in North America, and is home to a variety of water birds, shorebirds, manatee, sea turtles, and dolphin.

We handle all the planning so you can enjoy every minute of the unique adventures that build and enhance camaraderie within your group.

We look forward to creating your group's program, and many unforgettable memories. Have a wonderful day!
